

Implementation status of VIP relevant for GUD

VIP L GASPOOL-NCG

The VIP L GASPOOL-NCG will in all likelihood be established by 1. November 2018. Due to the fact that this VIP only involves Open Grid Europe on the NCG-side of the border the implementation of this VIP is relatively easy and the establishment can therefore be managed by 1.11.2018. Also on the GASPOOL-side, due to the lower complexity (provisions for transfer of new "existing contracts" to the VIP by Nowega and GUD) the establishment of the VIP L GASPOOL-NCG pursuant to Article 19 Paragraph 9 of the Regulation (EU) 2017/459 can be managed by 1.11.2018.

VIP L GASPOOL-NCG	GASPOOL	NCG
VIP-TSO	NOWEGA	OGE
Concerned TSOs	NOWEGA, GUD	OGE
Relevant IPs	Zone OGE L, Ahlten, Steinbrink	Zone GUD L, Ahlten, Steinbrink

EIC-Code of „VIP L GASPOOL-NCG“: 37Y000000000431A

Marketing begin for VIP capacities: The marketing of capacities at the VIP will start with the Day-Ahead auction on 31.10.2018 for the gas day 1.11.2018.

VIP-tariffs: With regards to the VIP-tariffs, the TSOs refer to the price sheets of the VIP TSOs NOWEGA and OGE.

H- as well as L-Gas VIP GASPOOL -TTF

On 28 June 2018, the adjacent TSO Gasunie Transport Services (GTS) has published its decision to implement VIPs in Q1 2020 under the condition that the NC TAR with a post-age stamp tariff mechanism as RPM is implemented by then in the Netherlands.

The TSOs active at the border between GASPOOL and the Netherlands are in contact with GTS and are going to restart the coordination meetings for VIP implementation soon. Based on current knowledge, the establishment of these VIPs in Q1 2020 also seems feasible for the TSOs in the GASPOOL market area.
